# Neighbors Helping Neighbors!

- United Way is a collaboration of volunteers, professionals, donors, nonprofits, local businesses, corporations and foundations working together to improve our community. We are local people reaching out to offer help in our community. United Way, we are the problem solvers, the hand raisers, the game changers.
- In 2018 our United Way helped over 50 kids in foster care get clothing and personal care items through the Foster Closet of Roscommon County.
- Over 350 senior citizens received meals through Roscommon County Commission on Aging "Meals-on-Wheels."
- One hundred and fifty-five women and children received care and protection at River House.
- Food was distributed to approximately 250 families. And these are only a few examples of the way United Way helps our community.
